

Programming Gold Formative Assignment 2

Please submit a short (max 1 page) piece of writing for us to gain an understating of what you plan to do for your assessment.

Describe the website you plan to build and how the functionality matches the coursework specification. In particular you should identify the two entity types and the REST operations that your server will provide for them.

Your final website does not have to match the functionality that you describe.

The deadline for this is 1400 Tuesday 19th March.
